

POWER is a €5.8m interregional programme aimed at driving Low Carbon Economies partly funded through INTERREG IVC in 7 European regions. Nine projects are funded under POWER.

POWER - empowering low carbon economy - 21 September 2011

140 delegates celebrated the results and policy recommendations at the final event of the POWER programme, POWER – empowering the low carbon economy, in Brussels on 21st September.

Thank you to all those who attended and participated at the event and made it the success that it was. The POWER legacy website has now been launched, so please have a look at www.powerprogramme.eu to see the policy recommendations, final reports and other information relating to the programme.

Photographs from the event are available for you to view from <http://www.mybluecllic.com/lowcarboneyconomy> and download <http://www.mybluecllic.com/lowcarboneyconomy.zip>.

The presentations from the event are available for download on the events page of the POWER website: www.powerprogramme.eu.

Tell us how we did?

Your feedback is always important to us and we would therefore be extremely grateful if you could respond to this short questionnaire. Please click [here](#) to answer.

Thank you!
